Papers that summarize research by CBE and affiliated institutions have appeared in the following journals, trade magazines, and conference proceedings. Many of these publications are also available from the eScholarship Repository, on-line at http://escholarship.org/uc/cedr_cbe.

2015

2013

**2012**

Salter, C. and T.R. Lawrence. 2012. Acoustical performance measurement protocols for commercial buildings. CBE Summary Report, January. [https://escholarship.org/uc/item/1dd8j9j3](https://escholarship.org/uc/item/1dd8j9j3)

Basu, C. 2012. Critical simulation based evaluation of thermally activated building systems (TABS) design models. [http://escholarship.org/uc/item/8t93707z](http://escholarship.org/uc/item/8t93707z)

2011

2010

2009

### 2008

**2007**

2006

Bauman, F., T. Webster, and H. Jin. 2006. Design guidelines for underfloor air supply plenums. *HPAC Engineering*, July. [https://escholarship.org/uc/item/6k95d6dq](https://escholarship.org/uc/item/6k95d6dq)

Webster, T., and F. Bauman. 2006. Design guidelines for stratification in underfloor air distribution (UFAD) systems. *HPAC Engineering*, June. [https://escholarship.org/uc/item/96453156](https://escholarship.org/uc/item/96453156)

#### 2005

Jung, A., and M. Zeller. 2005. Analysis and testing of methods to determine indoor air quality and air change effectiveness. Original technical paper from Rheinisch-Westfälische Technical University of Aachen, Germany, 1994. English translation by Wolfgang Lukaschek, Center for the Built Environment (CBE). [https://escholarship.org/uc/item/5kd7w8q8](https://escholarship.org/uc/item/5kd7w8q8). Executive Summary by Fred Bauman, PE, Center for the Built Environment (CBE), October. [https://escholarship.org/uc/item/6vb133fd](https://escholarship.org/uc/item/6vb133fd)

Hogan, M., T. Webster, and F. Bauman. 2005. Trends in design and operations of UFAD buildings. CBE Summary Report, October. [https://escholarship.org/uc/item/7kd8f9vb](https://escholarship.org/uc/item/7kd8f9vb)

2004

2003

Webster, T., and A. Barth. 2003. Development of fan diagnostics methods and protocols for short term monitoring. Final Report, Berkeley, CEC/PIER HPCBS# E5P2.2T4c, 19 pp. [https://escholarship.org/uc/item/5q46x5km](https://escholarship.org/uc/item/5q46x5km)

### 2002

Webster, T., R. Bannon, and D. Lehrer. 2002. Teledesic broadband center field study. CBE Summary Report, April. [https://escholarship.org/uc/item/84m9s48s](https://escholarship.org/uc/item/84m9s48s)

**2001**

Federspiel, C. C., S. D. Lanning, H. Li, and D. M. Auslander. 2001. Coordinated control of HVAC systems. Proceedings of the International Conference for Advanced Building Operations, Austin, TX, July 16-19. [https://escholarship.org/uc/item/15r7r3tc](https://escholarship.org/uc/item/15r7r3tc)

2000

Webster, T., F. Bauman, and E. Ring. 2000. Supply fan energy use in pressurized underfloor air distribution systems. Center for the Built Environment, University of California, Berkeley, October. [https://escholarship.org/uc/item/1xm4d8f9]

Bauman, F., V. Inkarojrit, and H. Zhang. 2000. Laboratory Test of the Argon Personal Air-Conditioning System (APACS). Center for Environmental Design Research, University of California, Berkeley, April. [https://escholarship.org/uc/item/2x33f53m]
1999

1998

1997

Kwok, A. 1997. Thermal comfort in naturally-ventilated and air-conditioned classrooms in the tropics. PhD Dissertation, Dept. of Architecture, University of California, Berkeley. [https://escholarship.org/uc/item/65d3k1jt](https://escholarship.org/uc/item/65d3k1jt)
